

In the past five years alone, Worldwide has conducted 69 full-service* rare disease trials globally, including sites in North and South America, Western Europe, Central and Eastern Europe, the Commonwealth of Independent States, and the Middle East and Northern African and Asia Pacific regions

**Full-service studies defined as Phase I (excluding healthy humans), Phase II, III, IV-Interventional and IV Non-Interventional which included Project Management, Clinical Monitoring and Study Start-up Services since 2013.*

69 

Full-service* rare disease trials conducted

ABOUT WORLDWIDE

Founded by physicians committed to advancing medical science, Worldwide is out to change how the world experiences CROs. From Bioanalytical Lab, Early Phase to Late Phase clinical trials and Real-World Evidence, we provide world-class full-service drug development services. With infrastructure and talent spanning 60 countries, we leverage our global footprint and operational excellence to execute predictable, successful studies. We never compromise on science. We're never satisfied with the status quo.

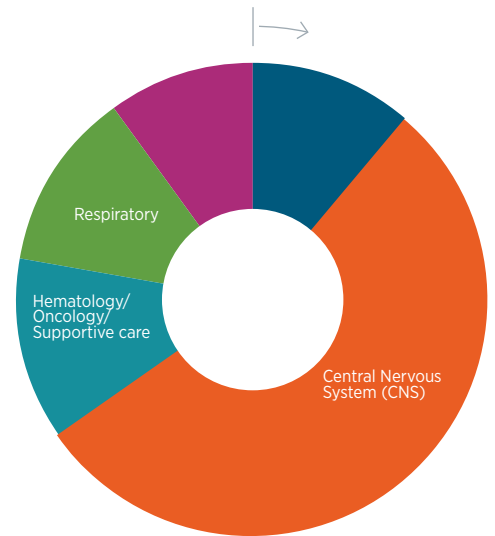

We're the Cure for the Common CRO.
